

# TERRY NATURALLY® ANIMAL HEALTH

GREEN BAY, WI

**P:** (877) 565-5955 / **E:** orders@TNAnimalHealth.com  
**W:** terrynaturallyvitamins.com/categories/animal-health/

**IN THEIR OWN WORDS:** A dog's health is all about strong and flexible hips and joints. Whether they're "youngsters," or have celebrated many birthdays, dogs deserve Joint & Hip Formula to ease stiffness due to normal daily exercise and activity. This proprietary formula helps maintain healthy cartilage and joint function, relieve occasional joint stiffness, and supports healthy hip and joint health.

**WHAT MAKES THIS PRODUCT SPECIAL?** Our Joint and Hip Formula stands out among the competition because of its proprietary formula — exclusive to Terry Naturally Animal Health. This product combines both a clinically studied, enhanced bioavailable curcumin and a uniquely standardized boswellia, a combination that works synergistically to help maintain healthy bone and joint function.

**WHAT THEY'RE KNOWN FOR:** At Terry Naturally Animal Health, we use a holistic approach to support your dogs or horses for a healthy, vibrant life.
