W: grizzlypetproducts.com

IN THEIR OWN WORDS: Grizzly Pet Products offers a wide range of natural and sustainable Omega supplements to help keep dogs and cats in peak condition. At Grizzly, we know that the right balance of omega fatty acids is key to maintaining optimal pet health. That's why we formulate our line of liquid supplements to provide the maximum omega benefits from wild-caught fish that spend their lives foraging on a native, nutrient-rich diet.

WHAT MAKES THESE PRODUCTS SPECIAL? For the last 20 years, we have been producing oils from wild-caught salmon, pollock, whitefish and krill using industry-leading sustainable practices for unsurpassed quality. Our newest plant-based omega oil uniquely delivers EPA & DHA benefits from marine microalgae. All Grizzly supplements proudly carry the NASC Quality Seal.

WHAT THEY'RE KNOWN FOR: Grizzly is a trusted name in pet health, producing omega supplements that reflect a commitment to sustainability, evidence-based research, & the highest standards of quality from boat to bottle.

1. Our Grizzly Salmon Plus supports heart health, organ function and much more. MSRPs: \$9.99 - \$84.99 (Available in 5 bottle sizes, 4oz - 64oz)
2. Grizzly Algal Plus is a plant-based omega supplement with no fishy smell or breath. MSRPs: \$10.99 - \$46.99 (Available in 4 bottle sizes, 4oz - 32oz)
3. Grizzly Pollock Oil is ideal for targeted skin and coat support. MSRPs: \$9.99 - \$66.99 (Available in 5 bottle sizes, 4oz - 64oz)

RETAILER REVIEW: "Everyone knows that fish oil has benefits for the brain, immune system, and joints. Customers buy Grizzly from PetZoo because we cater to their special needs with specialty products geared just for them. We buy Grizzly products because Grizzly is a high-quality, sustainable source of wild caught Alaskan fish." — Denise Meyer, Operations Manager, PetZoo Alaska.
