

# ROVER'S WELLNESS

FRANKLIN, TN

P: (833) 768-3771 / E: [hello@roverswellness.com](mailto:hello@roverswellness.com)  
W: [roverswellness.com](http://roverswellness.com)

**IN THEIR OWN WORDS:** Our Rover's Canine line of THC free Broad Spectrum Hemp Oil Products are our best-sellers. This true broad spectrum hemp oil for dogs is rich in naturally-occurring CBD and all other beneficial cannabinoids and terpenes that work synergistically together to create the "entourage effect" without THC. These products are currently available in 120MG, 240MG or 800MG, with a 1600MG option launching this summer.

**WHAT MAKES THIS PRODUCT SPECIAL?** Our products stand out for a few key reasons: 1. They are THC free; 2. They are made in the USA from certified organically grown hemp; 3. To help pets live their best lives, Rover's Wellness donates 5% of all proceeds to Cancer Research for Pets.

**WHAT THEY'RE KNOWN FOR:** Rover's Wellness offers customers a solution to ease their pet's joint stiffness, support healthy inflammatory response and promote a calming effect, without THC. We're known for our safety, efficacy and transparency.

1. Rover's Canine Broad Spectrum Hemp Oil (800MG). **MSRP:** \$69.99 (2oz)
2. Rover's Wellness Chews Sweet Potato 6MG. **MSRP:** \$18.99 (2oz)

**RETAILER REVIEW:** "The Rover's Wellness products have been a great fit for us at TrailBlazer Pet Supply. Not only do they have incredible products, but we love their business practices as well! We always heavily research the quality of our products, so it is reassuring to work with a company that is as transparent as Rover's. RaChelle always makes sure that we have inventory in stock. If there is ever a shortage, she always makes sure to keep us informed of what's going on. They know it's important to us to keep our customers up-to-date, so this is an amazing step she takes on our behalf." — Erin Livernois, TrailBlazer Pet Supply, Chico, CA

**FOR MAXIMUM BENEFIT, SHARE THIS WITH YOUR SALES STAFF**
