IN THEIR OWN WORDS:

Get ready to meet the ultimate dental care solution for your furry friends! Our awesome, all-natural dental treats take dental care to the next level while keeping those taste buds satisfied. Say goodbye to crumbly messes because our treats have a flexible texture that provides long-lasting cleaning power, even for the most enthusiastic chewers. Your pups will adore the mouthwatering taste, and you'll be thrilled to learn that every treat is packed with ingredients including vitamin C, egg-derived immunoglobulin and collagen. These components work wonders in boosting immunity, enhancing skin and coat health and providing support for their joints. Trust us when we say there's nothing out there that even comes close to comparing with our dental treats. They're truly in a league of their own!

WHAT MAKES THIS PRODUCT SPECIAL?

Natural Farm treats stand out in the market because they are crafted with a limited number of all-natural ingredients that serve functional purposes. Unlike other dental treats, Natural Farm focuses on quality

over quantity, ensuring that every ingredient has a specific function and contributes to a dog's well-being. With a thoughtfully selected blend of ingredients, including vitamin C, egg-derived immunoglobulin and collagen, Natural Farm treats provide targeted benefits for immune support, skin and coat health and joint care. Natural Farm prioritizes simplicity, effectiveness and the use of natural ingredients, making their treats a standout choice for conscientious pet owners who want the best for their furry companions.

WHAT THEY'RE KNOWN FOR:

Natural Farm is renowned for its premium, all-natural dog treats, chews and bones. The company is especially known for its exceptional, long-lasting chews like Bully Sticks and Collagen Sticks. However, the company's reputation doesn't stop there, with an expansion into a diverse range of multi-ingredient treats as well as oceanic treats. With a commitment to providing high-quality, wholesome products, Natural Farm is the go-to brand for pet owners seeking top-notch, all-natural options.

RETAILER REVIEW: "Natural Farm has been a great partner for Skilos as they are always willing to work with us to fit the needs of our customers. Not only do they have amazing customer service, but they produce a very quality product and are transparent with their sourcing and manufacturing processes which puts us and our customers at ease."
— Zachary Dewitt, Director of Marketing, Skilos, Milwaukee, WI
