TELL US ABOUT PET HEALTHWORKS. Pet HealthWorks is a vertically integrated company based in South Florida with a strong focus on clinically validated ingredients and premium products. Pet HealthWorks' flagship product, Antinol Plus, is proudly manufactured in the United States from green-lipped mussel oil from New Zealand, Antarctic Krill oil, and other globally sourced ingredients.

WHAT SETS YOUR PRODUCTS APART?

Antinol Plus is a daily joint & mobility supplement for dogs that's clinically proven to enhance mobility and support a healthy inflammatory response. It's shown to work better and faster than glucosamine and chondroitin, one of the most common joint health supplements for companion animals.

WHAT'S ON THE HORIZON?

Pet HealthWorks is dedicated to advancing pet health through education and outreach. Expect continued emphasis on promoting joint care awareness and expanding partnerships to reach more pet owners with our trusted supplements.

WHY DID YOUR COMPANY JOIN NASC?

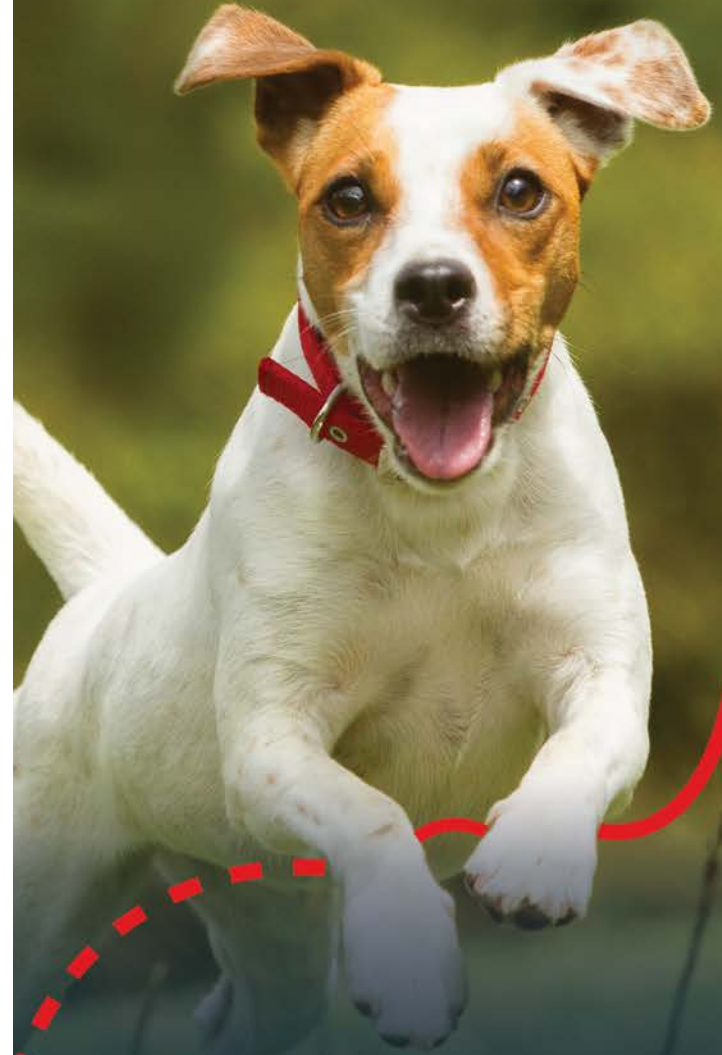

Pet HealthWorks, exclusive distributor of Antinol Plus, believes in the NASC's mission to uphold purity, quality, and testing standards of animal supplements. By joining the NASC, we contribute to industry advancement, benefiting both our commitment to excellence and the entire pet supplement sector.
