MSRP \$19.99

What is Vetericyn known for?

Vetericyn first revolutionized the pet wound care sector with hypochlorous technology in its wound, skin, eye, and ear products. Their award-winning lineup has expanded to include shampoo, functional dog supplements, enzymatic ear treatment, and equine mobility and hoof products.

How does Vetericyn support retailers?

Vetericyn has a national team for employee trainings, store events, and product questions. They offer collateral, POP displays, and promotions to help with pull at the shelf. They also advertise nationally in print and digital as well as share email updates and produce blogs with product and animal wellness information.

MSRP \$19.99

What's new?

Vetericyn® Triple-Action Ear Treatment provides healing relief for irritation caused by otitis externa and other serious ear issues. 1% Hydrocortisone relieves itch while helping soothe and reduce redness and swelling. Otizyme enzymatic blend helps flush infection-causing buildup. Botaniplex natural extracts enhance immune response and help restore healthy balance in ears.

Vetericyn
ANIMAL WELLNESS

We have a fantastic relationship with Vetericyn. We use their product on our pets and recommend their line all the time. It's an easy product to sell!"
