MSRP: \$19.99

What is Vetericyn known for?

Vetericyn pioneered the pet wound care category bringing powerful, safe, non-toxic hypochlorous technology to their wound, skin, eye, and ear products. Their award-winning line also features shampoos, supplements, and a new enzymatic ear treatment. Family-owned and USA-based, Vetericyn supports animal owners and veterinarians worldwide.

How does Vetericyn support retailers?

Vetericyn supports retailers through a nationwide team that leads trainings, in-store events, and product education. The brand provides strong merchandising support through POP displays, promotions, and sales materials. Ongoing email campaigns, national print and TV advertising, and a highly engaged social media audience further drive product awareness and shelf pull.

What's new?

Triple Action Ear Treatment with 1% Hydrocortisone helps relieve itch, remove infection-causing buildup, and

restore healthy balance to ears suffering from otitis externa and serious irritations and infections. Paw 'N Snout Pet Balm relieves irritated, dry, paws and noses with scientifically-proven ingredients like manuka honey, aloe vera, and hyaluronic acid.

Does Vetericyn have a give-back program?

Yes! From disaster relief donations to helping shelter dogs heal up so they can get adopted, Vetericyn supports rescues, shelters, and animal groups around the world. Vetericyn also sponsors yearly scholarships for students entering the veterinary field.
